Project/Program Manager IV (PPALJP00010905)

Job Location

United States
Remote work from: USA

Base Salary

USD 40 - USD 50

Employment Type

Full-time, Part-time

Description

Temporary work opportunities align well with people who are looking for career flexibility and less traditional ways of working, but at the same time are people driven to deliver amazing work in high-profile situations. Magnit Direct Source is a service offered by Magnit Global that provides top talent directly to industry leading clients who have a variety of flexible temporary assignments that unlock opportunities for exciting work. As a temporary contractor, you will be employed by our Direct Source partner, Magnit Global. Please note, this is a role with Magnit Global and you will not be a PayPal employee. This role is not eligible for any benefits under any benefit plan of PayPal, PayPal Affiliates, or their respective successors and assigns.

Location:

Remote, USA (EST hours preferred)

Responsibilities

This is a security project to uplift PayPal's threat detection capabilities. 5 critical features will be enabled by end of 2024 followed by possibly deprecating old solutions in Jan. Work spans across multiple global delivery teams and will require skills of a Senior Project Manager.

- Working in various environments and working across multiple teams (infrastructure, security, tools, privacy).
- Planning, working with engineers, architects.
- Alignment, coordinating with other teams and portfolios.
- Tracking work, change, risk, stakeholder management, status reporting, driving discussions.
- Helping unblock teams

Qualifications

- Security and/or technology experience preferred.
- 8+ years of relevant experience
- Project Planning, teams coordination, roadmap creation & tracking, Stakeholder Management. Smartsheets experience is plus.
- Stakeholder Alignment & Dependency Management.
- Project KPIs, performance tracking, status reporting & stakeholder communications.

Hiring organization

PayPal
