Job Description

The Corporate Audit Services (CAS) Senior Audit Manager is a senior level management position that is responsible for providing strategic direction, leadership, and coordination of CAS's Credit Risk Review cyclical risk-based audit plans. As an Independent Risk Review function, Credit Risk Review provides independent assessment and effective challenge of the Company's credit risk management functions, including the quality of the Bank's loan portfolios (e.g., retail, commercial, corporate, counterparty, etc.) and credit related processes (credit policies, underwriting, loan administration, credit rating assignments, problem loan management, etc.). This role supports the Senior Audit Manager – Credit Risk, Senior Audit Director and Chief Audit Executive, in providing the Audit Committee and senior management with independent assurance and advisory services designed to evaluate and improve the effectiveness of risk management, control, and governance processes of U.S. Bancorp (USB)

The Senior Audit Manager will have strong knowledge of audit, risk management, and regulatory expectations (e.g., Office of the Comptroller of Currency's Heightened Standards and Federal Reserve Board's Large Financial Institution Rating System) at large financial institutions. This individual will have skills and experiences to effectively manage deliverables, own and lead CAS related credit risk portfolio review audit activities in support of the overall Credit Risk audit plan, provide oversight of audit activities over the activities mentioned above, and deliver updates to risk and operating committees, senior management and key stakeholders.
