Senior Quality Engineer SDET

Job Location
United States
Remote work from: USA

Base Salary
USD 40 - USD 50

Employment Type
Full-time, Part-time

Description
This is your chance to be a part of an in-house Technology team that's creating consumer-facing, modern technologies revolutionizing the hospitality industry around the world! As a Senior Quality Engineer SDET , you will bring your technical skills to a hospitality company with an award-winning culture. On the Enterprise Quality Assurance Center reporting to the Senior Manager SDET, you will support projects including:
• Core distribution and customer app's QA and Automation
• Inventory Innovation Application QA and Automation
